

January 2024 Kentucky Association Video Newsletter

By Don Harris, Kentucky Association Vice President and Communications Chair

Hello Kentucky Association members and friends!

This video newsletter recognizes several Kentucky officials that received recognition and awards at the 2023 USATF annual meeting, officials selected for the 2024 USATF national championship meets, and the 2024 calendar of indoor, outdoor, and cross country meets. There is a lot to relevant association news to cover and this video is approximately eight minutes.

Click this link once: <https://youtu.be/SBS9AN4KenY>. **This will download the PDF document. Click the link in the PDF and the YouTube video will open.**

As mentioned in the previous communications, the format of the Association Newsletter is going from paper to digital. When a newsletter is published, a new video link will be provided that is unique to that publication. I will continue to provide content focused primarily on USATF matters at the association, regional, and national level.

If you have suggestions, feedback, or content ideas for this newsletter, please submit those to harrisdon3807@gmail.com.
